52 Persons Are Killed in As Bombs Hit London

Support Mrs. Casselman Prime Minister Appeals In Wire Read At Rally

"The people of Canada are today engaged in a great united national effort to meet the threat of total war. Maintenance of that united effort, at Britain's side until victory is achieved, is the paramount purpose of the present government. That is the issue we would ask the electors of East Edmonton to consider above all others in the by-election on Monday next," was the telegraphic appeal made by Rt. Hon. W. L. Mackenzie King, prime minister of Canada, for support of the Liberal candidate, Mrs. Cora T. Casselman, in Monday's East Edmonton by-election.

The telegram was read by H. H. Parke, C.M., prominent Liberal, at a mass meeting of Liberal party supporters held Friday evening at the Memorial hall.

A telegram in support of Mrs. Casselman's candidature was also received from Hon. James A. MacKinnon, minister of trade and commerce, and M.P. for West Edmonton.

"Anything which might serve to give a wrong impression in our country or abroad as to the determination of all persons and parties to support Canada's war effort, the very utmost might have serious consequences at a time as critical as the present," Mr. Mackenzie King's appeal declared.

Full text of Prime Minister Mackenzie King's wire to Mrs. Casselman follows:

On the eve of your last campaign meeting I wish to send you my expression of my warmest wishes for the splendid campaign which you have conducted and my best wishes for your success at the polls on Monday.

"The people of Canada are today engaged in a great united national effort to meet the threat of total war. Maintenance of that united effort, at Britain's side until victory is achieved, is the paramount purpose of the present government. That is the issue we would ask the electors of East Edmonton to consider above all others in the by-election on Monday next."

Anything which might serve to give a wrong impression in our country or abroad as to the determination of all persons and parties to support Canada's war effort, the very utmost might have serious consequences at a time as critical as the present.

"When peace comes the support of free men, the government, having protected the war with the utmost sincerity and purpose, will be found ready and anxious to proceed with the work of reconstruction the aims and needs for which are already receiving most careful consideration. The support now is to see that freedom and democracy themselves are preserved."

OPPORTUNITY TO SERVE
"Please convey the cordial greetings of my colleagues and friends to your meeting tonight. It is our earnest hope that your fellow citizens, recognizing your character, your knowledge and your ability, will give you an opportunity to serve in the house of commons."

W. L. Mackenzie King was at the helm when the crisis came upon us. There is no man in the Dominion who could have done that great job better than the man who has led us through the darkest days of our history. There is no man in the Dominion who could have done that great job better than the man who has led us through the darkest days of our history.

Defeat Of Liberal Would Solace Enemy Mackinnon Declares
The one issue in this campaign is the necessity of putting Canada's whole weight behind the war effort, and for supporting the government entrusted with that effort to the end that the democratic institutions and all that they mean may not be lost.

Ends Campaign

Mrs. Cora T. Casselman, Liberal candidate in Monday's East Edmonton by-election, who finished her campaign with a rally at the Memorial Hall Friday night. Mrs. Casselman's campaign address is published in full on Page 7 of this issue.

Expert Thinks U.S. In Range Of Nazi Planes
BY HELEN KIRKPATRICK
LONDON, May 31.—(CP)—An example of how distances have been shortened by air power is given in the May 29 issue of the British aviation magazine "Aeroplane".

The magazine states that the main types of German planes used in the attack on London are the Heinkel 111, which has a range of 1,000 miles and a maximum speed of 300 miles per hour, and the Junkers Ju-88, which has a range of 1,000 miles and a maximum speed of 300 miles per hour.

Liverpool Again Bombed By Nazis
LONDON, May 31.—(CP)—Nazi raiders blasted last night at off-bombing Liverpool. South Wales and other coastal towns in the British Isles, but the government said the raid was not heavy and that the damage was not serious.

Victory Loan Parade To Be Spectacular

With its "move off" signalled by an exploding aerial cannon bombardment, the Victory Loan parade on Monday night will muster 5,000 men and women and be one of the most spectacular parades ever staged on Edmonton streets.

The parade will move from 100 street, down Jasper to 100 street, north on 100 street east, reviewing the parade, His Honor Lt.-Gov. J. C. Bowen will lead the salute from the armed forces, to 104 street, where it will disperse.

At 4:40 p.m. a warning aerial bomb will be exploded and at 4:45 p.m. two bombs will signal the start of the parade. From 8:30 p.m. until the conclusion of the parade its route will be cleared of street cars and all other vehicles. Policing will be under direction of Sgt. M. A. Riddell, of the city police, who will be assisted by city police, R.C.M.P. and the Legion of Frontiersmen.

COLORFUL FLOATS

Unusual features and colorful floats will be included in the procession. A replica of a British battleship, constructed on a 30-foot float, will be placed on the parade by the Navy Members' Club and will be drawn by 60 sea cadets.

The Chinese Benevolent Society will have a float bearing a replica

Parking of automobiles on Jasper avenue and McDougall will be prohibited from 7 p.m. until the parade is over.

of the Burma Road, "China's Life-line," and the Imperial Japanese Daughters of the Empire's float will have the colors of all their Alberts.

Other floats will be in the parade entered by the Royal Canadian War Services, the Edmonton fire department, and the Great Western Carriage Co. Ltd., of British Columbia, manufacturers of uniforms in Canada, since the outbreak of the war.

Representing war industries, 300 men from aircraft factories will parade in the parade wearing uniforms, each carrying a three-foot Union Jack.

SPECIAL FEATURE

A special feature of the military section will be a convoy of 50 army lorries sent by Lt.-Col. J. B. Burton-Willson, officer commanding the Royal Canadian Army Service Corps training camp, at Fort Assiniboine.

Deer A special detachment of 230 men from the Royal Canadian Artillery will march in the parade.

In command of the military section will be the parade warden, Mr. Brown, M.M. E.D. area commander and the parade sergeant-major, Mr. W. A. M. M. Fred W. Purkiss, P.C.L.I. (I.C.).

At 8:30 p.m. just before the parade, a neon portrait outline of Prime Minister Winston Churchill will be displayed on 100 street, by Lt.-Gov. Bowen.

Parade marshals will be John Michaels, assisted by Ald. A. Blair Patterson, Fred W. Kepp and Frank Drayton.

ORDER OF MARCH

Following is the order of march in the parade:

Mounted detachment of Royal Canadian Mounted Police.
The Honourable Lt.-Gov. J. C. Bowen.
Premier Honorable William Aberhart.

His Worship Mayor J. W. Fry.
His Majesty's FORCES

Under the command of Lt. Col. J. B. Burton-Willson, P.C.L.I. (I.C.).

Ask "All Out" Support Of Victory Loan

Premier William Aberhart, honorary chairman, Alberta executive committee of the Victory Loan campaign.

Mayor John W. Fry, member Edmonton general committee, Victory Loan campaign.

The Dominion government, possessing a full mandate from the people to carry on the war and being responsible for leadership in this regard, is seeking support for the Victory Loan, which will be offered for subscription next Monday.

Canada will not sacrifice our men for lack of quality and quantity of fighting equipment, and I know that we will keep faith with our government and our fighting men.

The New Town Planning

By CECIL S. BURGESS, F.R.A.I.C.
Hon. Sec. Edmonton Town Planning Commission

This is the fourth of sixteen articles in the series planned by Cecil S. Burgess, F.R.A.I.C., honorary secretary of the Edmonton Town Planning Commission. The articles appear in the Bulletin each Sunday.

readily be settled to mutual satisfaction. The Alberta Town Planning Act.

1-Town Planning Legislation

My third article I called attention to the fact that our cities are faced with great trouble owing to the excessive inflow of people from the country to the city.

The act appoints a Town and Rural Planning Board under a director. Though the word "rural" is used, regional planning in the true sense explained and implied or provided for. Under this provision local municipalities are "enabled" to set up Town Planning Commissions to act as an advisory capacity, prepare town plans or schemes, a zoning by-law, etc., which experience in town planning was invaluable. Mr. Tanguary held his head in the service of the air force in Britain.

Applied to a defined area of country such a plan of development is known as "Regional Planning." In Britain there has quite recently been established a Ministry of National Reconstruction. One department has been set up to deal with the problem of regional planning in the sense just explained.

On the smaller scale on regional planning in so far as it is intimately connected with the city problem. Meanwhile, I must deal with the city itself. In the past many cities have been retarded or retarded by merely retaining or extending people back on the land but by better distribution of people and work to the mutual benefit of town and country.

This method is now generally known as "Town Planning Procedure" as a good example of regional planning has been enacted which recognizes it as a method on which reliance may be placed in the future.

Under this act any municipality may set up a Town Planning Commission and exercise the town planning powers on a larger or smaller scale according to its needs or means. To do so first recourse is to

Major And Minor Notes

By John Oliver

WHILE final statements on the operations of the 34th Alberta Music Festival, which was held here May 12-15 inclusive, are not available, expectations are that the ledger will show a favorable balance, although it is impossible, according to unofficial estimates, that the receipts will be less than anticipated and will show a decrease over some previous years. A most penetrating feature will be provided in that 45 chorale leaders will be available to the festival as a result. Thus, the financial outcome will be satisfactory. It is estimated that the festival will cost \$10,000.

JOHN OLIVER

In the meantime, machinery will be set in motion immediately for the holding of the festival at Calgary. Consequently, upon a meeting of the provincial executive during the festival week, it was arranged that the festival for next year should be held in Calgary and appointed by the Calgary branch. Then, negotiations will commence for 1942.

Stewart Wilson, famous British singer, teacher, and author, who made his first appearance here as an adjudicator, after the award of the Blithworth Cup, on the ground that performances there did not measure up to their required standard, will return next week to conduct a master class in vocal solo work. After adjudicating at the festival at Saskatoon, he is spending this week in Calgary conducting a similar class in the performance of vocal solo work. Mr. Wilson would deliver a series of lectures on the subject and would illustrate his remarks by practical demonstrations.

Several interested vocal students have identified themselves and intention of taking part. Mr. Wilson is anxious that the number be somewhat larger than those contemplating attending the equipment or work or so in length, should immediately communicate with either H. G. Turner or Henry Atack, who will give all desired information. Mr. Wilson will arrive here to start the class next Friday, June 6.

Mr. Turner will spend most of next week at Seattle, attending the convention of the American Federation of Musicians of the United States and Canada. He will represent Local 360.

Mayor John W. Fry has been invited to act as patron of the concert to be given at the Macdonald hotel Thursday, June 12. In aid of the Queen's Canadian Fund for Air Raid Victims, being given by George Chavchavadze, pianist. The event promises to be of interest, not alone on account of the worthy object for which it is being given, but because the soloist is a pianist of standing.

Prince George Chavchavadze, was born at St. Petersburg, Russia, in May, 1904. As a child of four, he lost both his parents, so he was brought up by his grandparents, who he studied the piano. He has been playing since he was 10. He was playing Bach, Beethoven and Liszt. When he was 12, the Russian Revolution forced his family to leave the country and he was taken away to safety. Despite difficulties of leaving his homeland, he has been able to study under the guidance of some of the great Russian teachers. In London, in 1930, he was named Laureate, founder of the Leitchfield school, who studied his career for the next eight years. By 1937 he was considered sufficiently advanced to give his first London recital at Wigmore hall. He was acclaimed by the public and soon started on a world tour that included several recitals in this country. Since then, he has appeared annually to several European countries, not however, including Russia. His last English recital was for the British Red Cross and was sponsored by members of the Royal Family.

Jacques Jolas will conduct a master class in piano playing technique and pedagogy under the auspices of the University of Alberta extension department from July 13 to August 2, in connection with his class, he will give a piano recital at Convocation hall on Wednesday, July 31 at 8:30 p.m.

Mr. Jolas requires an introduction to music lovers and piano students in this district. This will be his fourth visit to the annual summer school at the University. He is a native born United States citizen and has been active in many centers on this continent. His early training was received in Alsace-Lorraine, his studies having been interrupted under some of the leading teachers of the day. For the last 10 years he has been associated with the Juillard Foundation of New York and is music director of the

extension department at Cornell College, Iowa. A recent he has made extensive European tours and has met with widespread success in the United States.

Mr. Jolas is offering much new material this year. The music appreciation division will include F. Schubert, Schumann, and Beethoven. The extension department is offering a special prize to the student who in Mr. Jolas' opinion has made the greatest progress during the course. A feature that the extension department's library of records, scores and books on music will be made available to participating students.

Many Edmonton music lovers who over the last quarter of a century have enjoyed the periodic visits of the San Carlo Opera Company, will learn with pleasure that Fortune Gallo, its founder, has been appointed general manager of the Chicago Opera Company. The San Carlo

company has been in operation for many years. Mr. Gallo is now in Chicago discussing with trustees the plans to "democratize" opera in the grand manner. The next Chicago season will open Nov. 8 and Mr. Gallo promises many repeat performances to meet public demands.

It is worthy of note that while Mr. Gallo has been producing operas for 40 years, this is the first time he has been associated with a resident opera company.

The engagement will not interfere with his touring company, though the San Carlo troupe will start on its tour with him supervising from a distance. As the San Carlo company almost alone among the world's opera companies, has operated through the years without the aid of subsidy or endowment, high hopes are held out for the success of the new regime. It will be a well-earned change for opera in the West to be in the hands of a man whose sense of its magnitude turns out to be the case. In the 1921-1922 season, when Mr. Gallo was the director, the estimated loss was \$1,000,000.

One of those most interested in the Chicago change is Noreen Brown, who has been a member of the company for the last two seasons and is now awaiting word as to future developments with the organization.

One of the most melodious, appealing ballads that has come to the present was written by Rose of England, with words and music by Donald Hume. The number has been successfully sung in public by Joan Dickenson, "nightingale of the airwaves," who is a Montreal product, who is a Montreal product, who is a Montreal product. Mr. Hume has written this song several times for the Toronto Conservatory of Music, the last time being four years ago. He is a musical product of the Leitch Conservatory, where he studied harmony and composition with Schreider, violin with Hans Sitt and later with August Witholt. While a Leitch student, he was co-conductor of the orchestra and conducted for years, the Ottawa Symphony Orchestra and moved to Toronto, where he joined the faculty of the Toronto Conservatory. He has composed much music and has been successful in the repertoire of top-notch artists. Kathleen Parlow has included his Air Chanson on her program for June.

The New York Philharmonic Symphony Orchestra, personnel will remain unchanged for next year's centennial, with the exception of the addition of Rudolf Peltz, Jr., who will join the organization next fall as associate solo French horn. He is 23 years old, was born in New York and received his musical training at the Institute of Musical Art. For the last four years, he has been solo horn of the Cleveland Symphony Orchestra. His personal strength will be the 180 players.

The Toronto Conservatory of Music, Edmonton Chapter and a few invited guests, held their monthly meeting at the home of Margaret Macdonald. The guest speaker, Mary Meyer, gave a talk on "songs," in which the discussed method employed by members of the Royal Family.

Chad Hanna, pianist, will give a piano recital at Convocation hall on Wednesday, July 31 at 8:30 p.m. Mr. Hanna requires an introduction to music lovers and piano students in this district. This will be his fourth visit to the annual summer school at the University. He is a native born United States citizen and has been active in many centers on this continent. His early training was received in Alsace-Lorraine, his studies having been interrupted under some of the leading teachers of the day. For the last 10 years he has been associated with the Juillard Foundation of New York and is music director of the

CANADA'S CITIZEN ARMY *will* GO "OVER THE TOP" WITH A CHEER!

CANADIANS!... *Prepare for Action!*... Next Monday this country will launch a dramatic thunder-stroke at Nazidom—a new War Loan stamped with the inspiring name of "Victory".

Fierce... resolute... fired with the high spirit of patriotic endeavor, men and women throughout the length and breadth of the land will greet this Loan as a personal opportunity to "do something real" in the war.

Not with the battle dress and weapons of our gallant troops, but armed with dollars the great citizen army will swing into action. And news of the enthusiastic whole-hearted response to Victory

Bonds will resound throughout the world to cheer democracy and confound tyranny.

For all those who have dollars laid by or dollars to come, this will be an occasion to re-dedicate their faith in the cause of freedom, and to hasten the day of triumph.

Remember, *the appeal is not for a contribution.* It will ask only that you turn your money into Victory Bonds. Your money will be working for the nation. It will also be working and earning for you. Monday, 8 a.m. is the zero hour. Arm yourself with your fighting dollars and go over the top.

BEAUTIFY EDMONTON

LET'S ALL PUSH TOGETHER

KEEP THE BALL ROLLING

Appearance of Homes Can Be Greatly Improved With Little Effort By Owners

By A. J. BROWN

President Building Exchange

The people of Edmonton are now in the midst of a paint up and clean up campaign to beautify Edmonton. Nature has provided a wonderful setting for our city, and I am sure that we are all proud of Edmonton and its record of growth.

We hope to have many people come here for a few days or weeks this summer and surely we would wish them to have pleasant recollections when they leave.

What a wonderful incentive then to have an external spring cleaning of the many buildings in our city.

We are inclined to be content if our home is habitable, without thinking how much more attractive it can be with a minimum of expense and effort. May I suggest a few ways in which your home may be improved in appearance.

If you still have the old fashioned veranda, it is really not much use in summer because of mosquitoes, and in winter just somewhere to leave your rubbers.

MAKE SUNROOM

I know of no better improvement that you could make than by changing your open veranda into a sunroom in which you can enjoy fresh air and sunlight, and be in a position to entertain your friends in a real homelike way.

With very little expense you can completely alter the exterior appearance and make it appear like a brand new home. The added protection will be very noticeable in the winter months because a closed in sun porch forms an effective shield against the cold outside.

Perhaps your front door is of an obsolete type. A new style of door would be a great improvement. A modern fence gives the home an attractive setting. There are many new designs of wood fences that can be built at such small cost and it seems such an easy way to make your place far more beautiful than it appears today.

COLORED SHUTTERS

Brightly colored shutters will make a great improvement to the appearance of your windows and are very inexpensive to install.

Now let us look at the roof. Do the shingles lie flat and snug or are they curling, splitting and falling off? Remember that a leaky roof very often results in serious damage in the interior, and it is not wise to neglect this important part of your house. A new roof covering of cedar shingles will be good for another twenty years or more and add to the appearance of your home.

There are many reliable lumber

companies in Edmonton and any one of them would be glad to supply plans, advice and estimates as a part of their service.

Beautify the grounds this spring by building some garden furniture in your spare time. A few seats and some attractive trellis work will brighten up your premises.

After you have made the alterations you deem advisable it will be necessary to do some painting, and in this connection may I urge you to buy only the paint sold by reputable manufacturers. A good paint will protect your building for many years and hold the color better.

USE OF PAINT HELPS

Whether you make any structural changes or not, the use of some paint will noticeably improve the appearance of your home.

To those who own a home, I would say again, look around and see if you can improve its appearance. A building kept in good repair reflects the interest of its owner.

A good home is a pleasant possession and every dollar spent for improvement goes to build a better home for you, every hour spent in fixing it up, is an hour spent for the pleasure of yourself and family. The object of this article is to arouse that interest that, I believe you have, not only in your own home but in the general scheme of making our city attractive for ourselves and our visitors.

Former Alberta Liquor Employee To Stand Trial

LETHBRIDGE, Alta., May 31.—(CP)—Robert Dennis Macleod, former manager of the Lethbridge beer warehouse, was remanded for trial when he appeared before Magistrate Arthur Beaumont in police court here Friday, charged with theft of \$300 from the Alberta Liquor Control Board. Bail was set at \$10,000.

Macleod elected for summary trial in police court. The crown was given leave to prefer other charges in the interim and Macleod will appear next Friday to plead to these.

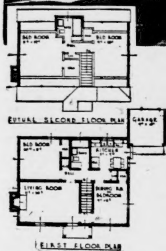

Andrew Hudak, an employee of the beer warehouse, also pleaded not guilty and elected for summary trial. He is charged with being an accessory after the fact to the offences committed by Macleod.

According to the charges, Macleod is alleged to have received sums of money from various South Alberta hotels and failed to enter these as payments made by the hotels.

Canada's 1939 wheat production amounted to 12,615,000 pounds, as compared to 13,386,000 in 1938.

Rose and Danis Pair Up To Win Indianapolis Speedway Classic

Bill Cunningham's Column

"Alabama" Pitts Did The Sporting Thing

ALABAMA, N.Y., May 31.—I never lost into this historic spot through the green hills of spring, half the distance to the goal line, as the rules demand in such cases.

It was Pitts himself, with a truly eloquent plea, who persuaded the officials to ignore the entire affair. He felt sure, he said, that the man had only lost his head. He said he wasn't hurt in the slightest, and the other side needed this time. They were having a first game, he said, and a penalty of half the distance at that point would be a dirty trick on the other 10 players didn't deserve.

SO KIDS CAN PLAY FOOTBALL

It was after the game and the convict team was in the showers when the chaplain came in looking for Pitts.

"Alabama," he said, with real emotion in his voice, "I was thankful for what you did there today. It's in each just that sort of thing that we have the recreational program here in the prison. I want to thank you, not only for the example in fairness and generosity you gave everyone who saw it, but because you have made my job easier by a truly sporting display."

SPORTSMANSHIP IN SING SING

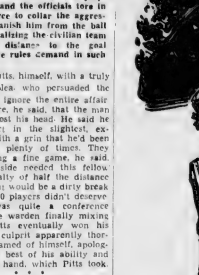

He'd served his time, the public had made him a figure and with the warden's consent, and partial sponsorship, he was to be given a tryout in the International League. We were on our way to cover his debut. Pitts was not only a good player, as I remember it, but we gave him the benefit of the doubt and let him play like another Ty Cobb. After all, this was pretty fair company for a new player with no experience, among other things, wasn't it to give him a tryout?

But I think we were both more interested in a look at this young fellow in civilian clothes and more because of something he'd said in prison than because of anything else.

It had happened in a football game the previous fall. A highly publicized anti-pro team, we looked at the Sing Sing convicts in a fight in the temporary ball field, one of the best players of the civilian side either because he lost his head or because he was just naturally a thug at heart, hauled off the right of the crowd, a multitude and hit Pitts, the convict star, a terrific clip on the chin.

Believe It Or Not—

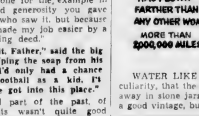

—By Robt. Ripley

STRANGE WATERS OF THE BASHARA RIVER IN TURKEY

HAVE THIS PECULIARITY, THAT THE LONGER THEY ARE KEPT THE BETTER AND FRESHER THEY BECOME!

Natives Store the Water away in Jars for Years before Drinking it

EXPLANATION OF TODAY'S CARTOON

WATER LIKE WINE. The waters of the Bashara or Meram River in Asiatic Turkey have this peculiarity, that the longer they are kept the better and fresher they become. The natives here store away in stone jars for years and drink with greater relish the older it is. Five-year-old water is considered a good vintage, but some families preserve it for as long as 50. Old water like that brings a high price.

Three Race Cars Are Smashed; 24 Garages Ruined By Fire

INDIANAPOLIS, May 31.—(AP)—Mauri Rose, diminutive Indianapolis driver, and Floyd Davis, of Springfield, Ill., accomplished a two-man job in winning the 500-mile Indianapolis motor speedway race Friday—an event that was delayed an hour by fire and marred by three wrecks.

Rose and Davis split the task of piloting Davis' car to victory at a speed of 115.117 miles in the annual Memorial Day test on the 2 1/2-mile brick and asphalt oval before an estimated 160,000 spectators.

Davis started the race and Rose, one of the most consistent winners in speedway competition, completed it. Rose got into Davis' car at 17.7 miles. Davis' car was wrecked by fire and Rose's car was wrecked by fire at 122 miles.

The pit crew will get into the second boxes as a triumph for the victory, which is owned by Sam Lucas, of Indianapolis, secured two drivers forced out by carnage of trouble at 122 miles.

Rules Northern Hardware Tennis Trophy Changed

This trophy, a tennis challenge cup, for women players of city clubs, in future is to be completed for a different ball. It is the belief that the previous method of playing did not encourage the sport of competition which is to be desired.

It was therefore decided to rank the teams who had in the past defended the trophy, and the competition also was changed to straight doubles match, no single to be played.

The match will comprise the best two of three sets, the challenge match to be played at the home courts of the holders of the trophy.

The match will comprise the best two of three sets, the challenge match to be played at the home courts of the holders of the trophy.

Letters of a Girl-About-Town

Dear MARGARET:

Forgive the lapse in my letter-writing. The truth of the matter is that I have been away on holiday, and a thoroughly delightful time was had. I might add.

Coming back to the city again, I find myself faced with the prospect of staying put and watching friends and foes gallivanting away on their trips for the balance of the good weather. The prospect is certainly a bleak one, but the fun I had makes up for it, and beyond a doubt Spring is a wonderful time for a holiday.

Once again at home, I have been busy discovering "what's new." One of the most delightful things I found was a floor lamp, with a tri-lite, and a switch that lets the user find his or her favorite light in short order. Relax, Read, Recreation, Out, says the switch!

The helpful lamp is one of dozens of attractive ones on display in the Lamp Show in the lobby of the BAY'S Annex. Floor lamps and table lamps abound, and they are beautiful to behold. Some of the floor lamps have the new Night Light—a soft glow coming from the onyx base of the lamp.

In the Annex, the new Empire Luncheon Service is now being provided by the BAY, and many of the philanthropic women's club taking advantage of the service.

Miss Editha Murphy is director of the service, and arrangements can be made by phoning to her at the BAY.

The clubs have the small task of selling tickets for the luncheon, and paying a small fee for it. Part of the food is provided by local firms, and a percentage of the money received in tickets, over a specified sum, reverts to the club for its philanthropic work.

Following the luncheon, a brief talk on the foods is given, and a fashion show or something else of current interest is provided. Also, three lucky guests at the luncheon each become the owner of a pair of Lady Hudson shoes.

Had a delightful interlude, a few days ago, chatting with Miss Ruth Winnek, an international authority on costume art, who has come to Edmonton, and who will give courses in dressmaking, tailoring, costume design and personal grooming at the BAY commencing Monday, June 3, and lasting about a month. Miss Winnek will also give free lectures on Thursday, Friday and Saturday of next week, in the lecture room on the second floor of the store.

She has studied in California, New York, London and Paris, and has lectured on costume art to women all over Canada, the States, England and Australia, and so she had much to tell me of interest. Sorry you're not here to meet her.

How goes the world with you? I hope you'll write soon.

Affectionately,
BRENDA.

Anderson Twins Go To Town!

Margaret and Jean Anderson, the attractive blue-eyed blonde twins from Wetaskiwin, Alberta, who came to Edmonton on Thursday to visit with friends and doing their shopping at The BAY, are seen above, making purchases at the Hosiery Department of the store. Their ensembles, purchased at the store, comprise white spun-rayon dresses, beige jigger coats, and Aqua-blue casual hats. They carry white washable pebbled-leather purses and lace gloves with large embroidered daisies on the backs.

Seated in one of the comfortable chesterfields in the popular women's lounge at the BAY, Margaret and Jean chat over the delightful time they have had shopping, and their attractive plans for the balance of the day.

They enjoy a snack in the colorful Coffee Shop on the lower floor of The BAY. A popular rendezvous of business men and women, the Shop is furnished with red-topped counters, chromium-trimmed, and matching seats.

Wetaskiwin Girls Have Big Day in City

Identical Twins Find Shopping At The BAY A Treat

One day usually looks pretty much like another, except when, every once in a while, you pops a Gala Day and, with hurrahs and huzzahs, you settle down to the sheer delight of enjoying it to its full.

Such a day came to the blue-eyed blonde twins, Margaret and Jean Anderson of Wetaskiwin, Alberta, on Thursday last, when they came to Edmonton to visit friends and to shop at the BAY.

Eighteen years old, the twins are an inch taller than the "five foot two" that generally goes with "eyes of blue." They are students in Grade 12, at the Wetaskiwin High School.

Arriving in Edmonton on Wednesday evening, Margaret and Jean were met by friends and driven about to see the city's sights and lights. On Thursday, they got down to the delightful "business" of shopping.

First of all, they had their hair done at the BAY'S Beauty Salon, the better to try on new chapeaus, which they found among the attractive models of the Millinery Department to the left of the foyer of the Beauty Salon. Before choosing their Aqua-blue casual hats, they had spent a delightful time in the BAY'S Fashion Centre, admiring the attractive gowns and coats, and taking their picks in matching white spun rayon dresses, and beige jigger coats.

Then "time off" for a snack in the Coffee Shop, and more "looking at and deciding on" in the Shoe and Hosiery Departments. A brief rest in the women's lounge at the BAY, of course, and then off to dinner with friends. Later, they went to the Rialto theatre, where as guests of the theatre, they saw "Wings of the Navy," an enthralling picture starring George Brent and Olivia de Havilland.

Late Thursday, they took the Greyhound bus back to Wetaskiwin.

A jolly fine day, don't you think?

After getting their hair done in the attractively appointed Beauty Salon, the twins chatted with Mrs. Gertrude McNeill in the foyer, and thanked her for the splendid service given by the quick and efficient operators.

TRANSPEC

One Jar Transpec
\$1.25

One Trial Size
25c

Both for - - - - 69c

Use the trial size according to directions and if you're not absolutely satisfied, return the regular size and refund will be made in full.

Women who have envied the smooth, fresh skin of others can thank a

brilliant English chemist for Transpec, the new liquid transparent Beauty Mask. A scientific aid to nature, Transpec purges pores of acid impurities, reduces enlarged pores, refines the skin back to youthful health and loveliness.

—Toiletries, Street Floor

Liquid Hose Saves on Summer Budgets

Applied science has evolved a number of useful things—but dearest to the heart of the economy-minded girl is the new Liquid Hose, a preparation manufactured in Canada which, applied to the leg with absorbent cotton, gives a smooth stocking effect that won't run, snag, or bulge. You paint your own

heels and seams on with a eyebrow pencil.

Or else—you can give yourself a fine line by application of the liquid hose preparation. The liquid, which can be removed with soap and water, comes in shades of light, medium or dark, and is bound to be particularly popular during the summer months.

Car Covers At Year's Lowest Prices

Whether the car is new and most impressive or one of those old-timers with so much personality that you can't bear to part with it, the "Ready Fit" cotton fibre auto seat covers, designed by "Toby" prove useful as well as ornamental to any automobile.

Water repellent, the covers are easy to clean, for dust and surface stains can be removed with a damp cloth. Cool, comfortable and sanitary, the covers are easy to install, with elastic tapes, rather than pins or tacks, to keep them securely in place. They come in three styles, to suit any car.

Spitfire Overseas Tea Packages Soldiers' Treat

Those being the days when everyone goes all out to help Britain, and to provide the sturdy people of the Islands with what luxuries and staples we can, it's a joy to know about the Spitfire Overseas Tea Package.

Especially designed to meet the demand for "something they need—something that is easy to send," the Spitfire package has a covering of durable tin that travels "as is."

It just has to be addressed, and stamped (12c for men on active service, 24c for civilians), and it's ready to mail. Simple, what?

P.S.—You get it at the Bay Grocery department, on the lower Street Floor.

Pliofilm Proves Sanitary Storage

See all, find all, and m'lady gives a rousing shout for the inventors of pliofilm, which allows her to stop burrowing around in drawers, boxes, and cupboards trying to find lingerie, furs and hats. Not that m'lady isn't a tidy soul, but with the transparent pliofilm in use for

hat, gloves, lingerie bags, fur bags, shoe wraps, and the novel "stowaway bags" m'lady is greatly assisted in quick selection of her ensemble for the day.

The pliofilm products are all reinforced with cotton tape at the seams, guaranteeing them a long and useful life.

Ruth V. Winnek Conducts Dressmaking and Designing Classes

Pamphlets explaining course given away on Main Floor.

So you want to sew a fine seam? So, you will be interested in the free lectures to be given on Thursday, Friday and Saturday of next week in the lecture room on the second floor of the BAY.

A graduate in home economics at the California State College, and of the McDowell school of Costume Art, New York City, Miss Winnek has also done post graduate work at University of California, in addition to further studies in Paris and London. She has come to Edmonton after lecturing on costume art in England, Australia, Canada and the United States.

Commencing Monday, June 9th, Miss Winnek will give classes in dressmaking, tailoring, costume designing and personal grooming. The feature of the dressmaking course is the basic pattern which fits, and belongs to YOU—alone. Tailoring is definitely professional tailoring and dress designing will make it possible for you to copy any pattern you see . . . whether it's a picture or an actual garment. Last but not least is the Personal Grooming . . . a course which will tell you how to streamline yourself—and knock off a few of those rough edges which time has fastened to your personality.

We'll be seeing you at the first class!

Street Cars To Run Specials Before Parade

Edmonton's street railway and bus services will be suspended on Jasper avenue Monday evening during the Victory Loan parade, it was announced Saturday by Thomas Fennell, superintendent of the street railway department.

Special cars will be in operation on all routes from 6 p.m. to 8:30 p.m. and passengers intending to view the parade are urged to use the early cars in order to avoid overcrowding and inconvenience.

There are more than 90 varieties of soybeans.

Child Hurt When Struck By Auto

Struck by an eastbound automobile as he played in front of his home at 11511 99 street at 1:30 a.m. Friday, Gary Fawcett, 2½, suffered a broken collar bone and bruises and cuts in the head. The child was rushed to the Royal Alexandra hospital. Police report state that A. H. Whellock, 11534 80 street, was the driver of the car.

W. R. McMillan, 10256 93 street, suffered slight injuries to elbow and knee, when knocked over by his bicycle on 100 street, just north of Jasper avenue.

The Panama Canal was opened to navigation in 1914.

Author Speaker Club Luncheon In City Monday

Henry Peterson, author, lecturer and journalist, who has spent the last 2½ years in China, will be the speaker at a joint luncheon meeting of the Canadian and Kiwanis clubs to be held at noon Monday at the Macdonald.

The subject of Mr. Peterson will be "China's Modern Miracle". The annual meeting of the Canadian club will follow the lecture. Officers for the ensuing club year will be chosen.

Ronald Martland, city barrister, has been nominated as president, with the following for other offices: First vice-president, W. A. McDonald, second vice-president, Dr. A. R. Munro; treasurer, Francis Knox; secretary, R. Garth Walker; executive, C. A. Brine, F. W. Johnson, F. A. Kavanagh, E. W. S. Kane, Dr. J. A. McPherson, R. F. Sutton and R. Steele.

I Saw Today

MRS. KENNETH CLARKE greeting her many friends during a visit to Edmonton.

And Muriel Bower waiting for the lights to change at First and Jasper; Grace Anderson walking briskly along 100 street at the north end; Joan Wood meeting friends for lunch; Helen Garrett in the carpool; Isabel Bailey riding the corner of Third and Jasper; Jean Laflamme boarding a bus; Florence Connolly making plans for the weekend; Edna Shore doing the same; Pat Allen smiling at a friend as she goes along the main stem; Marjorie Fitzgibbon in the downtown shopping district.

Management and health committee of the Edmonton Public School Board will meet Tuesday, June 3, at 8 p.m., in 510 Civic block.

East Edmonton Electors Vote Monday, June 2

Voters of the East Edmonton Dominion constituency will go to the polls Monday to elect a representative in the house of commons. Ottawa. It is a by-election, made necessary by the death of Liberal, Fred C. Caselman, M.C. Liberal, who was elected at the general election, in March, 1936.

Three candidates are seeking the seat. They are: Mrs. Cora T. Caselman, Liberal; Mrs. A. MacLeod, Toronto, People's Movement.

Mrs. Caselman is the wife of the late member and is widely known for her social service and women's club work. Mrs. MacLeod held the seat prior to the 1940 general election. He is one of the most consistent advocates of the Social Credit movement, since its inception. Mr. MacLeod is the publisher of the Canadian Tribune.

POLLS OPEN AT 8
Polls will open at 8 a.m. and will close at 6 p.m.

There are 83 polls in all, 46 of which will be making a grand total of 131. The total number of electors in the constituency is 31,402. In the 1940 general election there were 31,282, whom 20,000 exercised their franchise.

Immediately after polls close on Monday, deputy returning officers will go to the office of the returning officer, J. H. Fulton, 404 Agency Building, to count the votes.

Distribution of ballot boxes in the various polls, along with election material such as pencils, ballots and other supplies, was completed Friday night. Mr. Fulton, Saturday, announced everything in readiness for the vote.

The election was continued on Friday and will be open Saturday from 2 a.m. until noon.

HEAVY VOTE EXPECTED
The campaign has been of about three weeks' duration. At first indications were that very few meetings would be held. This early decision by the opposing parties was reversed and all have held a large number of meetings.

Social Credit forces contended that they would have remained aloof and given Mrs. Caselman an acclamation had not an election been forced by the entry of Mr. MacLeod. The Conservative and C.C.F. forces decided to remain out.

In the 1940 general election, Mr. Caselman won the seat by a comfortable majority over Mr. Kennedy, who ran second.

As all parties express confidence in the result, a heavy vote is expected, with the organizations concerned doing their utmost to have the voters turn out.

ROAD REPORT
A.M.A. Safety slogan: It costs more to pay for an accident than to prevent one.

Saturday's road report: Heavy rain is falling at St. Paul, Two Hills, and Waskatunga, making the roads muddy. Light rain is falling at Chauvin and roads are muddy. At Thorby light rain is making the roads greasy. All other roads are good.

Defective work on Headaches and Fading Eyesight

To Those Contemplating and Also Wearers of Glasses
By Jackson Bros., Optometrist

It is our business to provide people with glasses. We want them to wear the kind of glasses they can be proud of, so that their friends may enthusiastically say, "what becoming glasses they are wearing Jackson Bros.' glasses are just the type that will bring that commendation."

Our Full-Vue and Nummat glasses are extremely smart, good looking and inconspicuous. They look the part in modern dress. We have a style for men which is distinctly masculine, and we also have styles especially for ladies.

The best way to appreciate Jackson Bros.' glasses is to try on a pair. Why not stop in at our Optical parlour and let us fit you to a Full-Vue or Nummat pair of glasses? We know you will like them. We have a fully registered Optometrist in charge of our Optical Parlour, who knows his degree by University examination, who will give your eyes a thorough eye-examination.

If you require glasses, you may have the use of them, while paying for them, by using our plan which allows each customer to wear glasses monthly payments.

OPTICAL DEPARTMENT
8062 JASPER AVENUE, EDMONTON, ALTA.

Guest Speaker

Dr. Phillip Jay, D.D.S., M.S., D.Sc., assistant professor of oral pathology at the University of Michigan and outstanding authority on problems of tooth decay, who will be guest speaker at the annual convention of the Western Canada Dental Association in the Macdonald hotel Monday to Wednesday, inclusive.

Convention of Dentists Will Start Monday

Edmonton next week will host more than 150 members of the dental profession at the annual convention of the Western Canada Dental Association, which opens Monday.

Plans for the three-day sessions were being completed Saturday. A convention of dental nurses and assistants will also be in conjunction with the dentists' meetings.

Main speaker will be Dr. Phillip Jay, assistant professor of oral pathology at the University of Michigan, outstanding authority on problems of tooth decay. Other speakers from eastern Canada and the United States will attend.

RECEPTION SUNDAY
The program will include a reception at 8 p.m. Sunday to unofficially open the gathering. The official opening will take place at a luncheon Monday when Dr. Jay will be pronounced by Rt. Rev. W. B. Barlow, Anglican Bishop of Edmonton. Other civic and provincial dignitaries will be present.

Registration will begin Monday at 8 a.m. with the first lecture demonstration at 9 a.m.

Address by Dr. Jay will take place at 10:30 p.m. Monday. At 6:30 p.m. Donald Cameron, librarian of the University of Alberta, will be guest speaker at a reception banquet Tuesday a program call for lectures in the morning.

A golf tournament at the Mayfair links, skeet shooting and motion pictures in the afternoon. At 7 p.m. a banquet and dance will be held.

ADJOURN WEDNESDAY
Dr. Jay will be heard again Wednesday afternoon. The convention will adjourn at 5:15 p.m. Wednesday.

Among the prominent speakers engaged for the sessions are: Dr. P. G. Anderson, Toronto; Dr. N. Johnson, Winnipeg; Dr. M. H. Gilchrist, Edmonton. In charge of arrangements are: Dr. V. M. Lloyd, secretary of the Edmonton Dental Society; Dr. S. C. Hodgson, president of the organization; and Dr. H. R. MacLean, Dr. A. M. Revell, Dr. W. E. Webster, Dr. G. A. Gosselin, Dr. J. C. Ward, Dr. D. D.

Adjustment Of Debts Favored By Candidate

Abolition of excessive interest rates and an equitable adjustment of debts, was advocated by Fred Kennedy, Social Credit-New Democracy candidate in the East Edmonton Dominion constituency by-election on Monday, in an address here Friday night.

His meetings were held on his behalf at both of which he spoke. Addressing Mr. Kennedy at the Masonic Temple, where the league of the two was held, were Thomas William Abbott, Hon. Solon E. Low, provincial treasurer, and Dr. G. H. Hanson, Social Credit-New Democracy member of parliament for Macleod.

The other meeting was at the Ukrainian National Hall, 109 avenue, with Anthony Hyman, Social Credit-New Democracy member of parliament for Vegreville, as the speaker.

Mr. Kennedy will conclude his campaign Saturday afternoon with a meeting at Revere's at which he will speak, assisted by Mr. Hyman and Hon. Lucien M. Bouché, M.C., member of municipal affairs.

OFFICER CONTINUES North Recruiting
Group of 15 recruits from the Peace River section arrived at the Prince of Wales Army Sunday morning and added to 88 who arrived earlier in the week, brings the total from the northland 96 101 in the last year.

The group arriving here Saturday night, from the Peace River section, was headed by Lt. Col. R. Walter Hale, M.C., officer commanding the 2nd Battalion, Canadian Infantry, who has been ordered to participate in the north for the last 10 days.

Opinion is that the group will be the most efficient in the north, as they have been trained in the most modern of a vigorous fighting formation.

Edmonton Will Respond to the Call and Put the Necessary Weapons in the Hands of Its Fighting Men!

TO Edmontonians, Churchill's inspiring message rings with pride, confidence and persuasion. Pride in what this country is doing and plans to do; confidence in the outcome of Freedom's struggle; appeal for "tools to work with."

Every SAVING ACCOUNT in the Dominion is a "kit of tools" for war service. EVERY BOND you buy represents your personal share. Match dollar . . . dollar for dollar. Show him democracy can beat him at his own job . . . the democratic way!

Tanks, planes, ships, guns, ammunition . . . equipment and training gear for our fighting men . . . must be produced—are being produced—in a vast quantity.

All those valiant spirits who, day and night, are struggling to keep the skies clear, the sea lanes open, and our fires burning from peril, unite in this single-minded national battle call: "LEND US YOUR AID."

Put your fighting dollars to work to produce the tools of victory, and "HELP FINISH THE JOB."

Prominent Baptist Minister, Author To Visit City In July

Prominent Baptist minister, Rev. J. H. Franklin, D.D., will come to Edmonton on July 4, after taking part in the annual convention of the Baptist Union of Western Canada in Regina, June 25 to 30.

Graduate of the Southern Baptist Theological Seminary, Louisville, Kentucky, Dr. Franklin was in 1912 appointed foreign secretary of the American Baptist Foreign Mission society, supervising the work in China, Japan, the Philippines and Europe.

He is the author of "In the Track of the Storm," based on a study of the religious and reconstruction work in the devastated areas of Europe following the last war. In appreciation of his work the French government made him a Chevalier of the Legion of Honour.

Dr. Franklin is a member of the International Missionary Council and attended its special meeting at Jerusalem in 1928. Dr. Franklin is now president of Crozer Theological Seminary, Chester, Pennsylvania. He served as secretary of the Northern Baptist Convention. He was a delegate to the Ecumenical Conference at Oxford in 1937 and Associate Delegate at the Edinburgh Conference following.

He was one of thirty persons chosen by the World Council of Churches in process of formation to confer at Geneva in mid-July, 1939, on what the churches might do in view of the latest developments in the world.

He is now in his second term as president of the Department of International Justice and Goodwill of the Federal Council of Churches of Christ in America.

To Visit City

Rev. J. H. Franklin, D.D., member of the International Missionary Council, who will be a guest speaker at the annual convention of the Baptist Union of Western Canada, in Regina, June 25 to 30, and who will come to Edmonton July 4.

"Sway Of Christ" Is Baptist Sermon

"On Being Braced Up" will be the theme of the sermon given on Sunday morning at First Baptist church by the minister, Rev. Daniel Young. During the evening service, Rev. Young will speak on "The Sway Of Christ." A solo will be sung by W. J. Jones, during the service.

TODAY'S MESSAGE

By Reverend R. S. Faulkner, Vicar, St. Peter's Anglican Church

The Christian's Business

"Worship the Father in Spirit and in Truth"—St. John 4:23

THIS is the Christian's business. It was the first concern of our Lord Jesus Christ in His earthly life. He has been the first concern of true Christians, the Saints, ever since. It is the first concern of sincere believers today. Unless it is the first concern of the Church, Her work and effort in any other direction loses initiative and enthusiasm, and fails in effectiveness.

In the lives of many professing Christians, Divine worship has no important place, and is even considered unnecessary. Yet over and over again some persons wonder why there is an emptiness in all things they do and why it is that cynicism invades their thinking.

Our Saviour honored His Father in Spirit and in Truth. He worshipped Him at His first concern. From that spring Christ's power, peace, love and courage. We would do well to remember that His wonderful works were the result of devotion to the worship of God. He promised His followers the same and the same Divine powers, if they would honor the Father in the same way.

That promise and condition is given us. If in Spirit and in Truth we devote ourselves to God, we shall find that enthusiasm in darkest days to accept "opportunities." We shall be given open doors and awakened talents to do many works for our Father.

Human society needs His Good News of Love. It is the Christian's privilege to make it known and effect it. They are called to do this. The main choice will be to worship the Father in Spirit and in Truth.

More Control Required For Automobile Today: Huge Traffic Increase

It is a well accepted principle of science that greater precision of control is demanded when the order of magnitude increases. Nowhere does this law operate with more sweeping implications than in the operation of the thousands of motor vehicles that jam the streets of modern cities at the present time.

FOOD AND WAR IN EUROPE

What is the food situation in Europe? It is difficult to get a clear picture. Military secrecy, lack of adequate crop reporting, a host of other factors muddy the picture.

Best guide to the situation is peacetime statistics on production and imports.

In normal times, Europe did not begin to produce enough food for its inhabitants. In these days of blockade and counter blockade, the plain fact is that Europe's millions must grow gaunter and grimmer from day to day.

Any nation with plenty of the "big four" foods—meats, fats, breads, and last but not important, fodder—could make-shift to ride out any crisis. (Production of meats and animal fats depends on fodder.)

Europe had production shortages even in normal times. The highly industrialized countries like Germany and Britain gobbled up any surpluses little agricultural countries produced and still had to comb other world production centers for adequate food.

The fat shortage is even greater. What is now German Europe failed to produce its fat requirements by six million pounds. Britain's fat shortage was almost three billion pounds.

That fat shortage becomes more acute when you consider that in recent decades Europe came to depend on vegetable fats processed from copra and cottonseed. Those raw materials are cut off now. Likewise, the Norwegian fleet no longer brings in huge quantities of whale and fish oil. Countries like Italy, Belgium and France that once exported processed fats no longer can get raw materials for their production.

Britain and German Europe differ in the basic causes for their growing food shortages.

German Europe's production areas. Like Yugoslavia, a heavy surplus producer, Greece, Holland, Norway, rural France—have all been disrupted by marching armies. Production has been hit by mobilization of farm workers, by shortages of fertilizer.

Germany has no access to the other food-producing areas. In view of the British blockade, German Europe must feed itself, break out of that blockade ring, or starve.

German Europe as a food source is sensitive to the disruptions of

Britain, on the other hand, is vulnerable chiefly in its supply lines. British production, save for the heavy Irish meat item, has never been more than a healthy drop in the bucket of requirements.

Britain has access to production areas where food is plenty, but the Nazi counter-blockade and the need to divert ships for munitions carrying has cut heavily into her ability to transport food.

Britain, like Germany, must starve unless she can halt Axis sea depredations or maintain her food fleet by building and acquisition.

To use a concrete illustration: There was heavy slaughter of hogs and cattle in Denmark and Holland after the ending bills of 1940. As

and cattle in Denmark and Holland after the spring blitz of 1940. Animals normally carried for brood stock went to the butcher because fodder supplies were not available to carry them. That potential production is gone. It will take years to build up the seed stock again. Conversely, there has been no grave loss of brood stock in Germany.

the U.S., South America and Australia, from which Britain draws supplies. That factor would be mighty important in a long war of attrition.

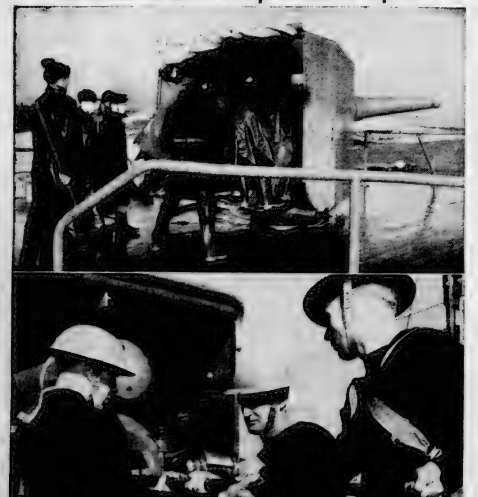

Here are firemen around the familiar pile of rubble, but the scene is Long Island, N.Y., testing ground, not bomb-ravished London. William McKeon, left, demonstrates to bearded British Fireman Rudolph Haybrook one of 500 asbestos suits to be shipped to British civilian firefighters.

"Iron Duke" Touring Canada

Two veterans of the blitz—Maurice MacDonald, British high commissioner to Canada, and Mrs. Lionel Gibbs, London and Winchester—enjoy a cup of tea drawn from former five-gallon urns of the "Iron Duke," the bomb-struck manor while tea cantered in the morning in Canada under the auspices of the Queen's Canadian Fund for Air Raided Areas Victims. The daughter of Sir Harold Snagge, chairman, many of the works which manufactures the motors for the R.A.F.'s Typhoon fighter plane, Mrs. Gibbs is acting as the hostess during the "Duke's" Canadian tour. During its six months service in the Battle of Britain, the veteran tea chest was under Nazi fire 33 times. It will be exhibited

Canadian Seamen Keep Sealanes Open

Playing a vital role in the Battle of the Atlantic, members of the Royal Canadian Navy are pictured here manning a six-inch gun mounted on an armed merchant cruiser operating somewhere in the north Atlantic. The men and armaments shown in this photo are shown here as Britain's life-line depends. The top picture in the layout shows the crew receiving orders to fire while below is shown the gunnery crew loading a shell into the breech.

It is to purchase equipment such as this that the Canadian Government is launching its \$600,000,000 U.S. loan drive on June 4.

A political cartoon by H. H. Smith. A man in a shirt and trousers is dumping a large barrel of trash onto a pile of debris. A sign on a post reads "WORLD'S DUMP". In the foreground, a large rock is inscribed with "TOTALITARIANISM". The background shows a landscape with some trees and a small building.

Away with the shackles, torture, death and filth of Hitlerism. A contribution to the Victory Loan campaign by Donahay, famous Cleveland Plain Dealer cartoonist.

Barrier To Invaders

Natural defenses that hold peril for invaders are Malaysia's thick jungles—excellent cover from which to beat off the enemy even if he appears in superior numbers. Here troops rushed to Malaya from Australia slash their way through the tangled forests of the rubber country during recent war. "Aussies" picked for duty in Malaya largely were fanatics, used to hacking down the bush in their native land.

THIS CURIOUS WORLD

INFORMATION DEPARTMENT!

ANSWERS TO
MILITARY CORRESPONDENCE
WE DIDN'T RECEIVE!

YES INDEED! GUNCOTTON AND CANNON FODDER ARE TWO VERY DIFFERENT THINGS...AND NEITHER IS USED AS CAMOUFLAGE FOR ARTILLERY PIECES.

YOU'RE WRONG! MOSQUITO BOATS ARE NOT THOSE THAT YOU RENT ON YOUR FISHING TRIPS.

OH, MY, NO! ARMY WORMS ARE NOT THE SAME AS BUCK PRIVATES, ALTHOUGH BOTH ENJOY LEAVES; ONE LEAVES OF TREES...THE OTHER, LEAVES OF ABSENCE.

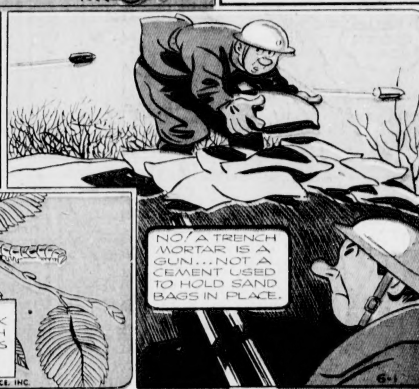

COPIES 1941 BY NEA SERVICE, INC.

THAT'S RIGHT! POST DOCTORS ARE ENTIRELY DIFFERENT FROM TREE SURGEONS.

IN A WAY, YOU'RE COR-RECT! WRITING TWO BOYS IN THE SAME SQUAD MIGHT BE TERAED AN "ENTANGLEMENT."

NO! A TRENCH MORTAR IS A GUN...NOT A CEMENT USED TO HOLD SAND BAGS IN PLACE.

FRECKLES AND HIS FRIENDS

NOW MOM WHEN I SPEAK MY PIECE IN SCHOOL, DON'T SIT UP THERE AND PROMPT ME!

BUT I THOUGHT IT WOULD GIVE YOU CONFI-DENCE!

I'LL GET ALONG OKAY...I BEEN STUDYIN' THAT PIECE FOR THREE WEEKS!

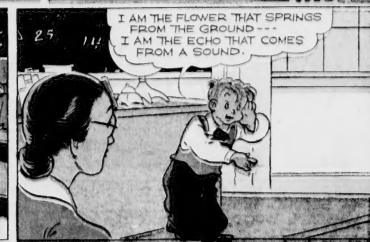

I CAN BE JUST WHAT I WANT TO BE, FOLKS, I CAN BE ELM TREES, OR ASPENS OR OAKS.

SO WHY NOT PRETEND I AM THIS OR I'M THAT? A STICK OR A PEBBLE, A CUP OR A HAT?

BUT IF I'M PRETENDING, I THINK I'LL AIM HIGH AND BE ANYTHING THAT FIRST CATCHES MY EYE.

I AM THE FLOWER THAT SPRINGS FROM THE GROUND --- I AM THE ECHO THAT COMES FROM A SOUND.

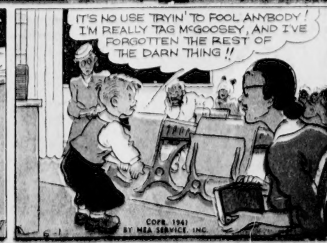

I AM THE MEADOWS, THE BIRDS AND THE AIR. I AM THE REINDEER, THE OWL AND THE BEAR.

I AM THE SUN, AND THE MOON, AND THE SKY. I AM THE --- I AM THE --- THE --- TH! ---

I AM ---

IT'S NO USE TRYIN' TO FOOL ANYBODY! I'M REALLY TAG MCGOSEY, AND I'VE FORGOTTEN THE REST OF THE DARN THING!!
